
COMPANY OVERVIEW

Integrated manufacturing specializing in commercial/industrial lighting solutions through innovative design, engineering and development to meet customer application requirements.

COMPANY OVERVIEW

W. F. Harris Lighting, Inc. is an established Small Business manufacturer that produces and provides American made innovative industrial and commercial grade lighting products for tough environments since 1970. Now specializing in LED (Light Emitting Diode) and other modern energy efficient luminaires and portable worklights, the Company provides:

- Heavy-duty, impact-resistant LED worklights and luminaires for safe, non-hazardous temporary lighting in shipyards for shipbuilding, conversion, and marine repair; and in other industrial/commercial construction, repair and maintenance work;
- Rustproof, corrosion-resistant LED wallpacks and ceiling luminaires with design continuity for emergency and non-emergency application;
- High and low bay LED luminaires for construction and manufacturing facilities, freezer warehouses and cold storage units and other facilities;
- In-house engineering capabilities to redesign existing W. F. Harris Lighting products or design new LED lighting products to meet exact lighting requirements.
- Other luminaires and worklights with Fluorescent, Metal Halide, High Pressure Sodium, Low Pressure Sodium and Incandescent lighting sources.
