

# PANEL SURFACE MOUNT KIT INSTALLATION SHEET

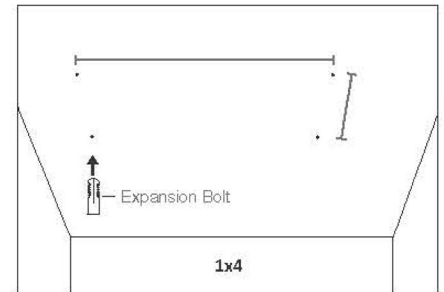

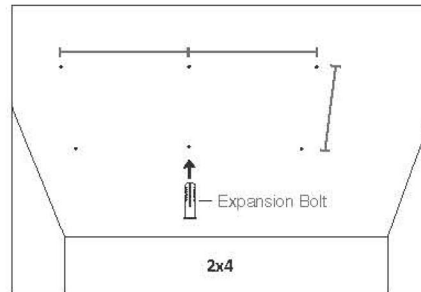

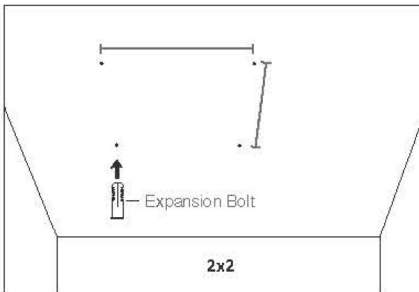

## KIT DETAIL

| Part Number | Product Size          |
|-------------|-----------------------|
| DP-SMF-24-W | 1221.2 x 611.2 x 62mm |
| DP-SMF-22-W | 611.2 x 611.2 x 62mm  |
| DP-SMF-14-W | 1221.2 x 311.2 x 62mm |

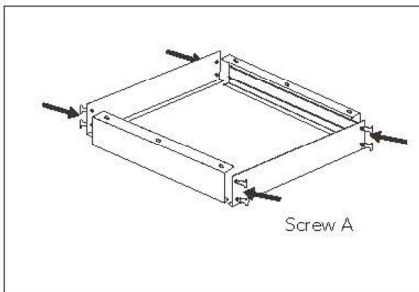

## KIT INCLUDES

| Accessory parts List | Quantity |     |     | Image   |
|----------------------|----------|-----|-----|---|
|                      | 2x2      | 2x4 | 1x4 |   |
| Screw A (3.5x13)     | 8        | 8   | 8   |  |
| Screw B (4x25)       | 4        | 6   | 6   |  |
| Expansion Bolt       | 4        | 6   | 6   |  |
| Frame                | 4        | 4   | 4   |  |

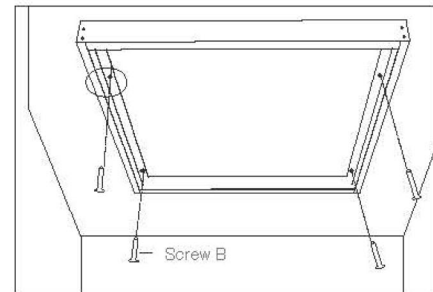

## INSTALLATION INSTRUCTION

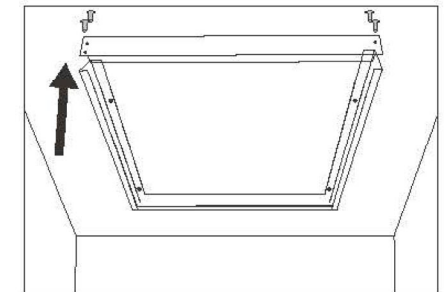

- 1.** Drill holes on drywall ceiling as shown in the picture and lock the expansion bolts inside.

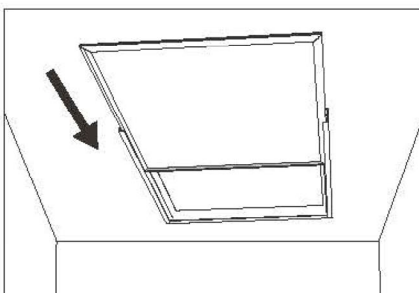

- 2.** Assemble the four sides with Screw A to create the frame.

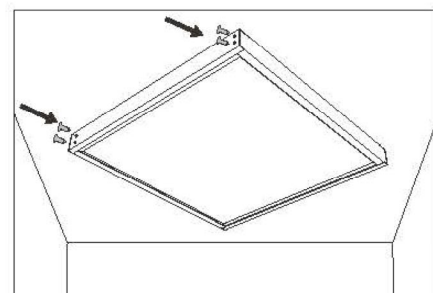

- 3.** Fix the frame to the ceiling with Screw B fitting into expansion bolts.

- 4.** Once securely mounted to the ceiling, disassemble one end by removing Screw A.

- 5.** Slide the panel into the frame channel.

- 6.** Reassemble the remaining end with Screw A.
